Mission

The mission of the Board of Industrial Insurance Appeals is to serve the public by resolving appeals in a consistent, impartial, timely and efficient manner.

Vision

The BIIA’s vision is to provide:

- A respected, unbiased forum for the resolution of disputes; and
- A desirable place to work, supportive of our mission and consistent with our values.

In furtherance of our vision and mission, the BIIA will:

1. Improve our processes to meet the needs of our customers.
2. Use information and technology to improve agency performance.
3. Foster a culture of excellent performance, accountability and professional development.

Strategy

The work of the BIIA and our goals and strategies rely on responsible investments in technology. We use the IT Portfolio to align our technology investments with our strategic plan and business needs. Our goal is to make sure our IT investments are sound, provide operational efficiencies and are effective.

Our major challenges in the next two biennia include migrating to the state Enterprise Shared Tenant for O365, upgrading to Internet Protocol version 6 and replacing our highly customized, legacy, case management systems with a commercial off the shelf application.
We have prepared a table that shows how our goals and strategies align with the statewide priorities.

**Agency Goals Matched to Statewide Results**

<table>
<thead>
<tr>
<th>BIIA Goals and Strategies</th>
<th>Statewide Goal Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>To improve our processes to meet the needs of our customers.</td>
<td>Efficient, Effective and Accountable Government</td>
</tr>
<tr>
<td>- Develop plans and internal capacity for moving from legacy case management systems to a COTS solution in 23-25 Biennium</td>
<td></td>
</tr>
<tr>
<td>- Implement Video Conferencing for proceedings</td>
<td></td>
</tr>
<tr>
<td>Use information and technology to improve agency performance.</td>
<td>Efficient, Effective and Accountable Government</td>
</tr>
<tr>
<td>- Join state Enterprise Active Directory</td>
<td></td>
